

## Assessment Policy

This document sets out the Swim Ireland Assessment Policy for officials **NOT** having attended and graduated from a SI Officials School.

### Introduction

Swim Ireland recognises only one category of licensed official.

All officials operating at Regional or National level must operate at the same level of competency regardless of their training and qualification pathway. For officials not having attended and graduated from a SI Officials School this policy provides an alternative pathway to achieving this level of competence.

### Key Points of the Training programme

- All officials will be assessed at the **same benchmark of competency**
- There is general assessment for learning that is carried out in a **continuous manner**.
- SI utilise methods of both **formal and informal assessment**
- The structure of officials training **is progressive**.
- Swim Ireland has endeavoured to provide the environment for a **positive assessment** to take place for the candidate.
- Following a period of training while working at Regional Level, the candidates will be assessed by the following methods :
  - o Technical examination
  - o Verbal discussion
  - o Practical assessment

### Terminology in the context of this programme:

<b>Assessment</b>	A method by which we can recognise competence
<b>Competence</b>	Having the necessary ability or skill to do something successfully
<b>Assessment process</b>	The agreed stages of assessment - considered at the relevant level and role for each official
<b>Assessed</b>	An assigned SI Assessor has carried out an assessment in line with one or more of the roles outlined below and in line with SI policy
<b>Final Assessment</b>	Final part of the assessment process pertaining to the particular role in which you are being assessed in line with SI Policy
<b>Signed Off:</b>	The candidate has been assessed and the Assessor has agreed that the candidate is competent and is suitable for the role
<b>Assessor</b>	The person carrying out the assessment with the candidate
<b>Mentor</b>	The person that supports and advises you but does not carry out the final assessment of competence
<b>Licensed</b>	A Licensed official is one who has been signed off as noted above and who has also complied with all of the general officials criteria noted hereafter.

### General officials criteria (this applied to all positions)

Before an official can be licensed, the following criteria must have been completed :

- Swim Ireland membership in place
- Gardai vetting or NI equivalent carried out (Not including Masters Refs)
- Child protection Training completed (Not including Masters Refs)

**What Assessment is required for Officials following attendance at a Club or Regional Course**

**Judge: (Incorporates Turn/ Stroke Judges)**

Before being assessed as a Judge, the candidate must undergo a period of practical training and observation. This practical training must include working as a turn judge and a stroke judge at Club/Regional level and having this experience validated by a completed SI Officials Log Book. Following pre-assessment training/experience the candidate must be assessed in both judge roles by a SI appointed assessor at a Regional Competition. Following the successful completion of this assessment and prior to any further assessments the candidate will undertake the Technical examination. Before being signed off as a Judge the candidate will undertake two further assessments one of which must be at National Level.

**Starter**

The first requirement is that a starter must be a qualified and licensed Judge. Before being assessed as a starter, a Judge must undergo a period of practical training, supported by a Mentor selected by the SI officials committee. Following completion of the practical training the Judge or Mentor may request assessment as a starter. To complete your assessment, the judge must be assessed as a starter at a minimum of two National competitions.

**Referee\***

The first requirement is that a referee must be a qualified and licensed Judge. Before being assessed as a referee, a Judge must undergo a period of practical training supported by a mentor selected by the SI officials committee. This practical training must include working as a shadow or mentored referee at regional or national level at a minimum of 4 competitions during a period of normally not less than 6 months. Following completion of the practical training, an assessment as a referee may be requested as noted below. To complete the assessment process, the judge must be assessed as a referee at a minimum of one Regional Competition and two National Competitions. The assessments will take place during a period of normally not less than 6 months. While every effort will be made to assess candidates in their home region the assessment at Regional Competition may take place in any region subject to regional programmes.

**How will the assessment be carried out?**

<b>Pre Assessment</b>	Regional Co-ordinator or the SI officials committee will organise for candidates to have access to opportunities in order to develop experience working at competitions. Regional Co-ordinator/SI Officials committee then agrees that the candidate is suitable for assessment and at that time either they or the candidate may request an assessment at the agreed level/role. As noted previously experience must be verified by the logbook.
<b>Organisation and Assessment</b>	The Regional Co-coordinator/SI Officials Committee will select relevant role and competition for assessment. This information is provided to the SI office at least 4 weeks prior to the event.
	SI will confirm Assessment of the Official and relevant paperwork will be issued to the candidate and the assessor.
	Assessment will be carried out by the Assessor and feedback will be provided to the candidate and the SI office. If the assessment is successful the candidate should arrange with the SI education office to sit the technical paper. Following the successful completion two further assessments will be organised as above.
<b>Feedback and License</b>	The Swim Ireland office will provide feedback to the candidate and relevant parties and confirm status of assessment.
	Upon receipt of a successful final assessment for a candidate, Swim Ireland will check all elements of the general officials criteria. If all has been completed successfully – SI will issue an officials license.

**Who will be able to carry out the Assessment?**

All current and eligible assessors are outlined below:

Please note that if you are in an Assessment capacity (an assessor) you are not permitted to carry out an officiating role during the session in which you are assessing.

Judge	Starter or Referee	Lead Assessors (Carry out Final Sign Off)
Ray Kendal	Ray Kendal	Ray Kendal
Frank Stevens	Frank Stevens	Frank Stevens
Brian Fallon	Brian Fallon	Phillip Fitzpatrick
Phillip Fitzpatrick	Phillip Fitzpatrick	Nominated External Assessor
June Traill	Nominated External Assessor	
Mary Seery
